PROFESSIONAL SUMMARY

Full Stack Developer with 6 months of professional development experience building responsive and scalable web applications using React.js, JavaScript, Node.js, Express.js, and MongoDB. Hands-on experience in RESTful API development and integration, JWT authentication, Role-Based Access Control (RBAC), database management, and AI integration using Google Gemini AI. Skilled in developing end-to-end MERN stack applications, debugging, CRUD operations, reusable React components, and frontend-backend integration. Strong understanding of JavaScript fundamentals, asynchronous programming, OOP concepts, and problem-solving. Immediate joiner seeking opportunities in Full Stack Development, MERN Stack Development, and Software Engineering.

TECHNICAL SKILLS

Frontend Development : React.js, JavaScript (ES6+), HTML5, CSS3, React Hooks, Context API, Responsive Web Design, Component-Based Architecture

Backend Development : Node.js, Express.js, RESTful API Development, API Integration, CRUD Operations, Middleware

Databases : MongoDB, MySQL, SQL Server, Database Design, Queries, Schema Management **Authentication & Security :** JWT Authentication, Role-Based Access Control (RBAC), Protected Routes, Authorization **State Management :** React Context API, State Management, Props, Hooks

AI Integration : Google Gemini AI, Prompt-Based AI Integration

Development Tools : Git, GitHub, Visual Studio Code, Vite, npm

Programming Concepts: Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA), Asynchronous JavaScript, Promises, Async/Await, Error Handling, Debugging

Full Stack Development: MERN Stack (MongoDB, Express.js, React.js, Node.js), Frontend–Backend Integration, End-to-End Web Application Development

PROFESSIONAL EXPERIENCE

Full Stack Developer — Bdreamz Global Solutions Pvt Ltd, Bangalore *May 2026 – Present*

- Developed and enhanced responsive web application features using React.js, JavaScript, Node.js, and Express.js.
- Integrated RESTful APIs to connect frontend components with backend services and support application functionality.
- Worked with MongoDB and SQL databases to manage application data and perform CRUD operations.
- Implemented and worked with authentication and role-based access control (RBAC) for secure application features.
- Debugged application issues, tested functionality, and improved code readability and maintainability.
- Collaborated with team members and mentors to develop and maintain full-stack applications.

PROJECTS

AI Resume Analyzer | React.js, Node.js, Express.js, Google Gemini AI *May 2026 – Jun 2026*

- Developed an AI-powered web application to analyze resumes against job descriptions and assess role suitability.
- Integrated Google Gemini AI to identify matching skills, missing skills, and relevant resume content.
- Implemented resume PDF upload and displayed a compatibility score to help users evaluate their job fit.

Food Express – Food Delivery Platform | MongoDB, Express.js, React.js, Node.js *July 2026 – Aug 2026*

- Developed a MERN-stack food delivery application with a responsive user interface and backend API integration.
- Connected frontend components with RESTful APIs and MongoDB to support application data operations.
- Implemented food delivery workflow features and improved the user experience through interactive application functionality.

Hospital Management System | React.js, Node.js, Express.js, MongoDB *Jan 2025 – Sep 2025*

- Developed a full-stack web application supporting patient registration, appointment scheduling, and dashboard functionality.
- Implemented authentication and Role-Based Access Control (RBAC) to manage access to protected features.
- Built reusable React components using React Hooks and Context API for application state management.

EDUCATION

Master of Computer Application (VTU) 2024 – 80%

Bachelor of Science (Bsc,cs) 2022 – 85%,

CERTIFICATIONS

Full Stack Development, React.js, JavaScript, Node.js, Express.js, MongoDB – Besant Technologies

ACHIEVEMENTS

- Developed 3 full-stack projects using the MERN stack and AI integration.
- Implemented REST APIs, JWT authentication, and RBAC.
- Built responsive web applications using React.js and JavaScript.

LANGUAGES

English, Marathi, Hindi, Kannada,
